

Behaviour Development Policy

Background:

The purpose of this Behaviour Development Policy is to create a safe, respectful and supportive learning environment, where students develop an understanding of their responsibility for their own actions and the effect of their actions on others. This is achieved through developing the capacity of each student to take responsibility for their actions and to demonstrate care and respect toward others.

Scope:

This Policy applies to all students, staff and parents/carers of Chinchilla Christian College.

Values and Beliefs:

At Chinchilla Christian College, we believe that all students can expect to be able to learn in a supportive learning environment. Our Behaviour Development policy is based on the following beliefs:

- Student welfare at Chinchilla Christian College is founded on the biblical principles of truth and grace.
- We believe in espousing Christian values that allow students to develop a Christ-like character, and that this will help them to shine in the College and wider community in the way they conduct themselves.
- The development of strong and positive relationships between students, staff and parents provides the most successful development of responsible thinking and responsible behaviour. This helps ensure that students know they are valued and provides the best environment for them to contribute meaningfully in all aspects of their involvement with the College.
- Behaviour occurs as a result of choices, which are based upon the student's perception of the best way to satisfy a particular need.
- Students have different levels of understanding of what responsible thinking and appropriate behaviour is. Each student has the potential to demonstrate responsible thinking in their behaviour choices and be a happy, caring and respectful member of the community.
- Responsible behaviour protects students in being able to learn and supports teachers in being able to teach.
- Successful behaviour development gives students involved genuine input, a chance to plan for positive involvement and learn how to make responsible choices in the future.
- The most effective behaviour development strategies are based upon good classroom management, flexibility and a range of teaching styles to foster engagement in learning.
- Students should be enabled to develop positive, constructive behaviours which go beyond mere compliance.

Policy Aims:

Our policy aims to:

- Develop each student's ability to relate positively to others at school and in the community.
- Guide students towards an awareness of the results of their behaviour choices and choose behaviour that is self-controlled.

- Create a caring and inclusive College environment and classrooms where students and staff can learn and work successfully together.
- Maintain expectations that protect the needs of all individuals, allowing all students to achieve their full God-given potential.
- Maintain a clear set of processes for individuals who do not accept their responsibilities and breach College expectations.
- Maintain a set of procedures which allow the resolution of conflicts in a positive and non-confrontational manner.
- Encourage students to value and foster a positive attitude to learning.

Guiding Principles:

Code of Behaviour

- All students, staff and parents understand and accept that certain kinds of behaviour are expected.
- Everyone should be treated with courtesy and respect and everyone can expect to be safe, secure and able to learn.
- The expectations for individuals are related to responsibilities that must be recognised and respected.
- Our policy is based on all individuals accepting responsibility for their own actions.

Pastoral Care

At Chinchilla Christian College, pastoral care is critical to our support for our students and integrated into our teaching and learning programs. Teachers guide students in self-discipline and reinforce College expectations, which governs their behaviour through developing an understanding of:

- The values and beliefs of the College
- The needs and responsibilities of students and staff as outlined in this Behaviour Development Policy
- The effect of their relationships and interactions with others

Each area of the College may adopt a specific pastoral care program or focus to support the development and maintenance of a productive environment for students and staff. Such a program will be consistent with the values and beliefs and guiding principles of this policy.

Classroom Expectations

Expectations for the guidance of student behaviour should be articulated and displayed in classrooms and in common areas where students gather. A common set of expectations will be available for student guidance. Teachers may develop specific expectations for the developmental age of students in their care if required. Such expectations are to be stated in a positive form and are to be clearly stated.

Creating a Supportive Environment

All staff are to model appropriate behaviour for the students to follow. Staff, as much as is professionally reasonable, are to be aware of students' backgrounds and circumstances, be positive in their relationships with students, be active listeners, allow students to become part of the decision-making process and implement consistent decision making in the application of behaviour management techniques.

Acknowledging Appropriate Student Behaviour

When students take responsibility for their behaviour and act in a way consistent with the College's expectations, and especially if they exceed expectations, it is important that they are acknowledged and praised for this. Positive reinforcement is to be used regularly. It is effective in helping students know when they are doing the right thing, motivate them to continue behaving appropriately and will assist students develop responsible thinking. Such positive reinforcement can be accompanied by stickers, certificates, high fives, etc.

The use of positive reinforcement should happen informally (e.g. in the classroom, playground, etc.) and formally (e.g. at Assemblies, Presentation Day, etc.).

Levels of Inappropriate Student Behaviour

Inappropriate student behaviour inside and outside the classroom has been classified into three levels:

Level 1 Low Level

Level 2 Mid Level

Level 3 High Level

Level 1 incidents should be managed by the staff member who has noticed the incident.

Level 2 incidents should be managed through a process of withdrawal, reflection and restoration.

Level 3 incidents should be referred directly to senior staff for urgent attention.

The following outlines examples of behaviours that may be classified at each level of behaviour and provide an example of responses. It is acknowledged that the context of the behaviour will also be considered in determining at which level the behaviour falls and an appropriate response from staff.

Level 1 - Low Level Inappropriate Student Behaviour

Correction (Consequences) Guidelines

Firm, fair guidance in appropriate behaviour is a requirement of a healthy learning environment. Corrective processes should be seen as positive rather than negative. The goal of all correction is to change the attitude that has led to the misdemeanour / poor choice. Thus, correction is always redemptive. To achieve this, it is vital that the student has ownership of both their behaviour and the plan to restore this when correction is needed. At all levels, the process of responsible thinking, as guided by staff dealing with the matter, forms the basis of the plan for positive behaviour for students in the future. We do not use any form of corporal punishment of a student by a staff member as part of the disciplinary response.

Correction (consequences) guidelines allows for varying levels of correction depending on the nature of the misdemeanor / poor choice. These guidelines are based on the need for:

- Immediate and effective response by teachers when a student misbehaves
- Giving teachers the primary responsibility for the day-to-day maintenance of student discipline in the classroom
- Empowerment of students in overcoming challenges regarding their behaviour
- Giving teachers the immediate and decisive support of senior staff in supporting order in their classrooms and the resolution of difficult discipline situations
- Parent support and involvement in the discipline of their children

Guidelines for Level 1 Corrective Action

Teacher/Student Dialogue

Conversations with students about behaviour matters should be conducted in a calm, respectful manner. The conversation will be guided by the following four questions:

1. What did you do?
2. What are you expected to do?
3. How can you make things right?
4. What will happen if you do this again?

The conversation, guided by these questions, should ensure:

- The student is clear about what is wrong with the behaviour / attitude that has been displayed
- There is an opportunity for the student to explain his/her actions
- The expectations for future behaviour are clear – be very specific
- An opportunity for the student to plan what is needed to restore the situation
- Assurance of your care and support for the student

The conversation should not involve:

- Any insulting, rejection, or vilification of the student or anyone else – stick to the facts
- Any yelling
- Any threats – the promise of consequences comes out of our concern, not our frustration
- Long “lectures” – make the point fairly quickly, as “lectures” can tend to harden hearts

Guidelines for Level 2 Corrective Action

Level 2 correction will involve the student being withdrawn and referred to Administration. This stage of misdemeanour is typically characterised by a direct wilful action in defiance of clear parameters set by a teacher or the College.

When referring a student to Administration, the staff member will ask the following two questions and then make the following statement*:

1. What did you do?
2. What are you expected to do?
3. You have chosen to go to Administration.

***The use of orange (warning) and red (withdrawn from class) cards will replace the use of these questions when it involves students intentionally disrupting learning or not attempting set work during lessons, to avoid further disruption to the learning environment.**

When a student is withdrawn and sent to Administration, the teacher will send the student on their own and record details of the incident in Edumate. If the student is in the early years (e.g. Prep to Year 2), the teacher may send the student with a teacher aide.

Level 2 corrective action will follow a process of reflection by the student by completing a Reflection Form (refer to Appendices A-C) and a conversation with a senior staff member to formulate a plan for the restoration of the behaviour. The types of restorative action may include, but are not limited to, the options listed in the table associated with Level 2 Inappropriate Behaviour.

Corrective action may also involve the Senior staff member suspending a student internally. An internal suspension will have the following characteristics:

- Parents will be contacted to inform them of the student's misdemeanour and to discuss the provisions of the suspension
- Each day of the suspension, the student's parents will bring him/her to Reception in the mornings and collect him/her in the afternoons
- The student will not be allowed to travel on school buses (unless specifically permitted by the Senior staff member)
- The student will complete learning tasks and take breaks in isolation from other students
- The Senior staff member will provide ongoing opportunities for reflection, support, planning for positive engagement and restitution during the suspension
- The student's teachers will provide as much of the normal work as is possible for the student to undertake during the suspension
- Internal supervision will generally be provided by the Senior staff member
- The Senior staff member will write to the parents confirming the internal suspension

On occasions, the Senior staff member may consider that an external suspension is more appropriate than an internal suspension. This option may be appropriate when the College is confident that parents will take adequate responsibility for the student during the suspension or it is appropriate, in the opinion of the Senior staff member for the student to be off campus for a period of time.

- Parents will be contacted by the Senior staff member to inform them of the student's misdemeanour and to discuss the provisions of the suspension
- The Senior staff member will write to the parents confirming the suspension
- The student's teachers will provide as much of the normal work as is possible for the student to undertake during the suspension. The College can accept no responsibility for work missed during the suspension.

- Parents will be encouraged to provide redemptive counsel and personal reflective tasks during the suspension

Parent Action for Serious Student Misconduct

For some students, particularly those in the early years (e.g. Prep to Year 2), suspensions may not be effective or appropriate in dealing with significant misdemeanors (e.g. violence, lying, blatant disobedience, continued non-compliance, etc.). The Senior staff member may choose to not apply a suspension at Level 2 of the student management policy, and instead:

- Remove the child from the classroom
- Request parent intervention to deal with the child's misconduct before the child is permitted back in the classroom.

The following procedures will be pursued where parents are being asked to deal with serious misbehaviour by a student:

Identifying the Misconduct

If serious misconduct is reported, the Senior staff member will ensure the student is removed from classes immediately. If, after investigating the matter, the Senior staff member considers that serious disciplinary action is warranted, and that an internal or external suspension would not be appropriate or effective, the student will not be permitted to return to class until the student's parents have implemented adequate and appropriate restorative measures that are supportive of the College's management of student behaviour.

Contact with Parents

As soon as practicable, the Senior staff member will contact parents and:

- Inform them of the nature of the student's misconduct
- Request that parents come as soon as possible to the College to speak with their child

For some students, it is expected that this process may need to be repeated a number of times to bring a substantial change in the student's behaviour. If, however, the Senior staff member is of the opinion that the behaviour is not being corrected, and/or the parents are not assisting with the required intervention, the recommendation may be made to the Principal that the student's behaviour has moved to Level 3 and that expulsion of the student be considered.

Guidelines for Level 3 Corrective Action

It is anticipated that very few students at Chinchilla Christian College will reach Level 3 of misbehavior and that at this level of misbehaviour the matter is considered very serious through:

- Severe moral transgressions, angry/violent outbursts or other serious Behavioural transgressions such as those listed in the table associated with Level 3 Inappropriate Behaviour
- Long-term problems in which repeated short suspensions or parental restorative action at Level 2 have not resulted in appropriate correction in attitude and behaviour

The Senior staff member may suspend (internally or externally) the student as deemed necessary. Other actions may be deemed appropriate as referred to in the earlier table. The Senior staff member may determine to recommend that the student be permanently excluded from the College. Approval to terminate the enrolment of a student rests with the Principal.

Communication of Behavioural Issues

Communication with Parents

It is important that parents are informed of attitudes and behaviours of their children at school or when involved in College activities and the actions taken by the College to correct them. College staff are

expected to work with parents to gain their active support in working through the Responsible Thinking process.

- A staff member should contact parents when they become aware of a significant concern with a student's behaviour (e.g. assessment not submitted, homework repeatedly not completed).
- Teachers and the Senior staff member will contact parents to arrange meetings with them as necessary
- The Senior staff member will contact parents regarding any internal suspension
- The Senior staff member will contact parents regarding any external suspension
- The Principal (or, if delegated, the Senior staff member) will contact the parent regarding expulsion
